

When the island of Santorini is your destination, it will become a destination for life. Once you visit **aenaon villas** (OUR GREENHOTEL Choice) and experience the warm hospitality of this uncomparable place, you want to come back time and time again.

The location is unique! It is situated at the top of a steep slope, at the northern part of the island where the land was carved to admire an endless horizon, the deep blue of the Aegean Sea, the caldera, the volcano and breathtaking sunsets. Right at the ancient path that connects Oia with Imerovigli and Fira, it overlooks the beautiful beaches spanning along the east cost of the island.

The combination of the brilliant white with the volcanic Santorinian stone has created a traditional complex of luxurious villas whose beautiful stonework evokes a feeling of rough grandeur. The result proves, that respect for tradition can coexist in perfect harmony with the luxuries of modern facilities.
